Renovation Blues By Greg Ferguson (6-2; 11 am)

4 bar band INTRO

12 bar B3 solo

GREG

Well I'm doing some renovation
On this house I call my life
Well I'm doing some renovation
On the rubble of my life
It broke apart the last time
But, Lord, this time I'm gonna build it right

I ain't in no hurry
Cause that's how I went wrong before
I ain't in no hurry
Cause that's how I went wrong before
Last time I got careless
But, Lord, I won't get careless anymore

STOP TIME

Well, I've got Your Word
Here in my hand
This will be my blueprint
So I know the house will stand

(Time continues)

Cause I'm doing some renovation
On the rubble of my life
It fell apart the last time
But, Lord, this time I'm gonna build it right

STOP TIME

I got some friends
Keeping me strong
Checking all the angles
So I trust it won't go wrong
Cause I'm doing some renovation
On the rubble of my life
It fell apart the last time
But, Lord, this time
Lord, this time
Lord, this time I'm gonna build it right

Solid Rock (6-2; 11 am)

Written by Jon Thatcher, Martin Smith, Stewart Smith, Stuart Garrard, Tim Jupp

CALEB There's a rock that doesn't move
 It hasn't moved, will never move
 Even though the waves come crashing down
 There's a tower on a hill, it's always strong
 It will never shake
 It was standing there before the world began
 There's a wave that's coming in
 Washing over this town, it will make or break us, reinvent us
 It's time to lay me down

ALL On Christ the Solid Rock we will stand
 All other ground is sinking sand
 On Christ the Solid Rock we will stand
 We'll climb on Your back, take us to higher ground

Ooooooh Ooooooh
 Ooooooh Ooooooh

CALEB There's a song that doesn't fade
 It never fades, it was custom made
 To raise the sons and daughters of this earth
 There's a sound that's coming in
 Rushing over this town, it will make or break us, reinvent us
 It's time to lay me down

ALL On Christ the Solid Rock we will stand
 All other ground is sinking sand
 On Christ the Solid Rock we will stand
 We'll climb on Your back, take us to higher ground

Ooooooh Ooooooh
 Ooooooh Ooooooh

CALEB & JAY Yeah!

DELL (spoken) My hope is built on nothing less
 Than Jesus' blood and righteousness
 I dare not trust the sweetest frame
 But wholly lean on Jesus' name

GREG (spoken) When darkness seems to veil His face
 I rest on His unchanging grace
 In every high and stormy gale
 My anchor holds within the veil

JAY ad libs

PASQUALE (spoken) His oath, His covenant and blood
 Support me in the 'whelming flood
 When all around my soul gives way
 He then is all my hope and stay

Time	Element/ Stage Direction	Min.	Director Cues	Video Program	Video CS	Audio	Lighting	Stage
------	-----------------------------	------	------------------	------------------	-------------	-------	----------	-------

CALEB (spoken)

When the last trumpets voice shall sound
O then I may in Him be found
Clothed in His righteousness alone
Faultless to stand before His throne

ALL sing

On Christ the Solid Rock we will stand
All other ground is sinking sand
On Christ the Solid Rock we will stand
We'll climb on Your back, take us to higher ground

On Christ the Solid Rock we will stand
All other ground is sinking sand
On Christ the Solid Rock we will stand
We'll climb on Your back, take us to higher ground

GREG talks over verse groove... band vamps

GREG, leads
(w/FULL GROUP singing)

Great is Your faithfulness, oh God
You wrestle with the sinner's heart
You lead us by still waters and to mercy
And nothing can keep us apart

So remember Your people
Remember Your children
Remember Your promise, oh God

Your grace is enough
Your grace is enough
Your grace is enough for me

Great is Your love and justice, God
You use the weak to lead the strong

You lead us in the song of Your salvation
And all Your people sing along

So remember Your people
Remember Your children
Remember Your promise, oh God

Your grace is enough
Your grace is enough
Your grace is enough for me

Your grace is enough
Your grace is enough
Your grace is enough for me

Your grace is enough
Your grace is enough
Your grace is enough for me

HEART CRY

Written and directed by Ingrid De Sanctis (6-2; 4:30 pm)

Music is playing as actors get into a position and set up the scene. Maybe bring in a bench, a ladder and a box. Middleclass (Orlando) sits on a ladder rung, Squeaky (Dean) on the bench, and Katrina (Maggie) sits on the edge of the stage next to the box. The characters are all talking about their relationship to home and thoughts about home.

Before the scene begins and as the actors are getting in place, there is sound

SOUND OF LAWNMOWER for 10 seconds...overlapping ORLANDO speaking

ORLANDO: making the list of all the things to be done at home

Wouldn't that be nice?
To have the time?
Install the mini blinds in my daughter's bedroom
Paint the upstairs bathroom
My daughter wants it pink.
Not so sure about that.
Clean and organize the garage
I don't know when that's gonna happen?

SOUND OF CITY NOISES overlapping DEAN for 10 seconds

DEAN: a guy who knows his home is not on earth

People pass me by everyday.
People going to work
Business men
Dropping half their lunch in the trash
For me
Half eaten.
Salesmen. Salespeople.
Everybody....selling something
Getting something.
And at the end of the day

MAGGIE: has to pack up what she can carry before the storm hits

We have to take what we can carry
In our arms.
A lifetime of things.
That's what they tell us.

SOUND OF REPORTER with WEATHER for 5 seconds and fade out.....

Get out. Get out before.....
The storm is coming
Carry my home in my arms

DEAN:

At the end of the day
They go home
Taking their subways
Their trains
Their cars.
Home to condos, apartments. Houses in the suburbs
Would that be nice?
They go from here to there.
Jump in their pools
Jump in their whirlpool baths

Time	Element/ Stage Direction	Min.	Director Cues	Video Program	Video CS	Audio	Lighting	Stage
------	-----------------------------	------	------------------	------------------	-------------	-------	----------	-------

MAGGIE: It's knocking.
The storm
This hurricane
She's on her way.
Like an uninvited guest
Knocking at my door.
Grab it.
Take it.
Now.
5 minutes to get out what matters
What do you take?
I'll miss my garden, my deck....

(BOLD type is actors talking at the same time.)

ORLANDO: Clean the deck
This is the season to power wash
Stain and seal it

DEAN: A man's house is his kingdom.
I grab what I can.
Grab what I can find
A box, a blanket.
A bench is my home.
Waking up to people walking by.
People pass me by everyday.
People going to work
Business men

MAGGIE: Journal

DEAN: Salesmen. Salespeople.

SOUND OF HORNS HONKING for 5 seconds FADE INTO LAWNMOWER INTO WEATHER : EACH 5 SECONDS

MAGGIE: Coffeepot

DEAN: Everybody....selling something

ORLANDO: I hope the weather is warm enough this weekend

MAGGIE: Waiting by the door

DEAN: Getting something.

ORLANDO: Roofers are coming

MAGGIE: Letter from grandmother.

SOUNDS STOP

ORLANDO: There's chaos everywhere else in my life
But here, at home, my deck is squeaky clean
We're re-roofing the house
Roofers arrive at 6:30
In the morning
They're calling for rain

MAGGIE: Storm's coming
Only what I can carry

DEAN: Pouring rain tonight
I need to find myself a roof

Time	Element/ Stage Direction	Min.	Director Cues	Video Program	Video CS	Audio	Lighting	Stage
------	-----------------------------	------	------------------	------------------	-------------	-------	----------	-------

ORLANDO: Hope it doesn't rain.

MAGGIE: Diapers. Do I have enough diapers?
Mirror.
My grandmother's gold watch.
Bible.
Wedding ring.

ORLANDO: Take the dog to the groomer
Make a Wal-Mart stop for supplies
Remove the caulking in my shower

DEAN: I don't hardly shower
Dirt under my fingernails.
Never in a tie and suit. No. Not me.
My hair's always dirty, always a mess.

ORLANDO: The Home Depot guy told me work with
With the caulk

MAGGIE: In five minutes

ORLANDO: We have to mow the lawn

MAGGIE: What do we have left?
Change of clothes.
Lipstick.
Tooth brush.

ORLANDO: I took out a dead evergreen I planted last fall
That one didn't make it.

DEAN: But I'll tell you something.
Some day.....some day.
I'm gonna have my own shower.
Stay in it for half the day
Till my skin prunes up

(THE FOLLOWING IS SPOKEN ALL AT THE SAME TIME)

MAGGIE: Passport.
Slippers.
Blanket.
Marriage certificate.
Money.

DEAN: Till my skin prunes up

ORLANDO: We have to prune
Plant annuals
Mulch flower beds
Nothing is growing quite like I want it to

MAGGIE: But we will come back. We go home because we belong there.
No matter what happens to our house,
Our deck, our garden

DEAN: Down here I don't have a shower, a bath
I go back to my bench every night, to my corner.....

MAGGIE: We will come back.

Time	Element/ Stage Direction	Min.	Director Cues	Video Program	Video CS	Audio	Lighting	Stage
------	-----------------------------	------	------------------	------------------	-------------	-------	----------	-------

ORLANDO: This is our home. I just want to make it nice.
For my kids.

MAGGIE: Can I carry all this?

ORLANDO: Straighten up the garage for the 2nd car

MAGGIE: I want to be ready.
At the door....
The storm's knocking

DEAN: My shower will have bright blue tiles
With hot water that turns my skin red
I'll be so clean
Won't need 'em
These signs
Will work for food.

ORLANDO: This will work
If the weather stays nice

MAGGIE: Whether I can carry this in my arms
Can I?
Photos
Wedding album
Bible

THE RAIN STARTS UP AGAIN and loops through the end

ORLANDO: Wouldn't it be nice?
To have the time?
Wouldn't it be nice?

MAGGIE: Wouldn't it be nice
If the storm passed
We could stay home
But we'll be back.
We'll come home.

ORLANDO: This is our home. I just want to make it nice.

DEAN: My home's out here.
I find a different corner each night....
And some day, some day
You won't find me here.
You'll find me in my blue tiled shower
Taking a hot shower till I'm a prune
I'm gonna be squeaky clean

SOUND OF RAIN / THUNDER still going and fades out as JAY sings

JAY McNEILL, singing a cappella from behind curtain:

I'm coming home one day
Send my cares the world
away
I'm coming home to You
I'll hear the millions sing
As You heal all they bring
And give eternity

Green=approved open positions

Willow Creek Production Leadership Team

Jon **V E S E L Y**

Executive Director

Programming/Production

Jon is a long time member at Willow Creek Community Church. He joined Staff in May 2004.

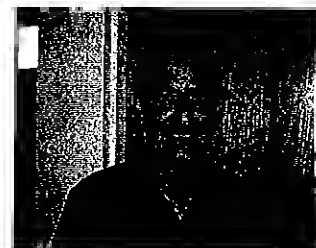

When I'm not at work, I enjoy flying.

Dave **C I M O**

Operations Director

Programming/Production

Dave Cimo is a long time member at Willow Creek Community Church. Before Dave joined staff in October of 2004, he has held various senior management positions in the market place.

I love being on water; either looking at it, being around it, or in it.

Jill **G I L L E**

Executive Technical Producer

In her 7 years at Willow, Jill has been the Technical Director for Student Ministries, Axis and New Community, weekends, conferences, and events. She is currently the Executive Technical Producer, overseeing the production process for Willow Creek. Prior to Willow, Jill received experience through theater, college, and freelance. She has had several roles in the last 13 years as a stage manager, monitor engineer, service director, stage/set designer, and technical director. Her degree is in music composition which supports her well as she tech directs not only the technical staff but also musicians and actors.

*I enjoy doing anything out-doors; gardening, hiking, rock climbing, basketball,
laying in our hammock, concerts.*

Scott **L A M B E R T**

Video Department Leader

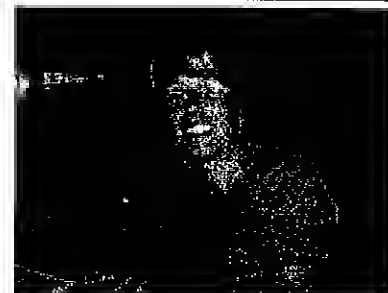

Scott started out at Willow as a volunteer member of the 16 person video team in 1988. He was then brought on staff in 1990 as the first person whose sole focus would be video. With a degree in Electronic Engineering, he was able to improve and maintain the video systems of Willow. The years of directing multi-camera events and services for the church groomed him into the director he is today. With an emphasis on team building, he now leads the Live Video Ministry which has grown to over 100 volunteers.

Joanne **B O T T E N**

New Community Production Manager

Joanne came to Willow in 1986 and started serving on the stage team in early 1987. In 1993 she became the first "girl" stage manager, and she is very proud of this. She joined staff in 2001 as the New Community Stage Director, became the New Community Technical Director in June 2003, and the New Community Production Manager in November 2005. In her spare time she works as a CPA.

My favorite super-hero is Elasti-girl.

Todd ELLIOTT

Weekend Production Manager

Todd has been doing production in churches for 20+ years. Working at Kensington Community Church in Troy, MI for 11 of those years, he started as the only technical staff person, leading set-up and tear-down of a 3000 adult church meeting in a high school to a 6000 adult two-campus church. Using his experience of leading 12 production staff at Kensington, Todd joined the Willow team in 2004 and is currently the Technical Producer for the weekend service. He also leads the Next Gen TD's, serving in ministries ranging from early childhood thru 20-somethings

My favorite super-hero is the Six-Million Dollar Man.

Chris GILLE

Audio and Systems Leader

Chris has done just about everything you can imagine. He has been a theater TD in Alaska, an audio and lighting director of Grace Church in St. Louis, responsible for audio and operations at a church in Columbia, MO, as well as a Lighting Director at Willow Creek. Besides leading the Audio Department here at Willow, Chris is responsible for the technical systems in the Willow Creek campus. In designing a new auditorium, Chris solved many of the most complex problems that stumped even the experts. After coming up with the design, Chris oversaw and participated in much of the installation of the systems in the new auditorium.

When I'm not at work I love to be climbing and hiking.

Dan LARSON

Lighting/Scenic Leader

Dan began serving at Willow as a volunteer in the lighting/scenic area back in the mid 90's. In 1998, he joined the production staff serving in many capacities including Lighting Director, Technical Director, and currently the Lighting/Scenic Ministry Director. With the construction of a new auditorium, Dan was integral in designing, specifying, testing, and installing our lighting system.
